Millmen Are Still on Strike and the Carpenters May Join Them.

The millmen's strike, which was begun at 8 o'clock yesterday morning, when the demand of the men for a large increase of wages was refused, is spreading. In addition to the twenty-eight firms closed by the strike, several others, not members of the Mill Owners' Association, have closed their doors, in sympathy with the combined proprietors. W. T. Veitch & Co., employing a force of about sixty millmen, and doing an extensive business in the coast States and in Hawan, have ceased to put out mill work. S. H. Wilson & Son have closed, throwing several out of employment, and Taylor & aue discovered the dying man and had Co., at First and Washington, are carrying on the lumber business, but no mill work The Reliance Mill and Lumber Company in East Oakland is

WHAT MAYOR MOTT HAS TO SAY

The reign of crime in this city and the shooting last night of Policeman Hodgkins, while was attempting to arrest the most daring of the footpads and burglars, is going to be stopped by the authorities at once, if it is possible, and 25 new policemen are to be added to the force next week. In speaking for the administration, Mayor Mott had the following to say this morning: "We are going to put a stop to this business of shooting policemen and terrerising residents if it is necessary to suspend work in all the city departments and put the officis is work patroling the streets. The police have been successful in placing several bad men behind the bars, but as yet have not been able to apprehend the 'dars-devil' who attempted o kill Policeman Hodgkins last night. We are doing the best we can with the force we have it the present time, and next week the new men will be put to work. This terrorizing and hold ng up of the residents of this city will be stopped if it takes 500 men to do it. The administration will not stand it any longer and the crime that is going on at the present time will be nipped in the but before the winter months."

Deer Professor Deimar
I really feel it a duty I owe to suffering humanity to make known what you have done for me. For a number of years I have suffored from calarrh of the throat, stomach and bowels. I coughed day and night and was in constant pain. I trud many kinds of medical treatment without benefit. I had given up all hope when, by chance I learned of an acquaintance of mine whom you had cured after the doctors had given her up to die. Only just eight weeks ago I called on Protessor Delmar for the first time and today I am a well woman. I can hardly understand it myself; my friends are amazed; our family physician puzzled. I wish I could go out and proclaim the virtues of your treatment from the housetops. I give you full liberty to use this letter as you please. I know if my recommendation should influence any one to come to you it can only result in good. Most sincerely yours, Deer Professor Delmar

WILL PLAY ON

Berkeley and Stanford Freshmen to Meet in Rugby Match at Palo Alto.

BERKELEY, Oct. 2 .- The intercollegiate freshman football game will be played on the Stanford field this year, notwithstanding that the field is nine yards narrower than the regulation size. At the meeting between the two graduate managers the only alternative given to Snedigar was to play at Stangiven to Snedigar was to play at Stan-ford or do away with the contest be-tween the baby classes. The old foot-ball field on the campus at Berkeley has been put in good condition, and could accommodate the crowd at the freshman game. Snedigar, the Cali-fornia manager, proposed that both the freshman and the intercollegiate games be held on California campus this year, and was willing to agree to a similar and was willing to agree to a similar arrangement for holding both games on the Stanford campus next year. Sales, on the other hand; was determined to hold California to the agreement made last spring to play the games at Palo Alto each alternate year. The alterations on California field are

progressing rapidly and the grading is almost completed. The work of moving the bleachers will begin in a few days, and Snedigar expects to have the field in condition before the end of the month. California field will then be large enough for a hagehall disbe large enough for a baseball dia-

mond.

"With the freshman game less than two weeks off," said Coach Taylor yesterday, "the problem of turning out a wincing team is no small one. Our team will be light, much lighter than the Stanford team. But what we lack in weight we will try to make up in speed. The freshmen have been practicing hard and have shown their worth in the game with the juniors. Like the upper-classmen, they are not yet over their tendency to hold the hall. Team work, which is one of the most important factors of the game, has not been sufficiently developed, but with the two remaining weeks of practice

been sufficiently developed, but with the two remaining weeks of practice we will turn out a team which will make a good showing against the Stanford freshmen.
"I am sorry to hear that the commit-tee has decided to hold the game at Stanford, as the field is too narrow to do justice to the game. Rugby is essentially an open game, and the small size of the field will handicap the play-ers and tend to make any kind of team work difficult. work difficult.

MANY BENEFIT Tomorrow evening at Idora Park Theater the complimentary benefit tendered by the management to the Taft & Pennoyer Employes' Mutual Aid Association will take place, and from the way the members are disposing of the tickets there is no doubt but there will be a full house. The "Idol's Eye" will be presented, with all the Idora flavorites in the cast.

The committee of arrangements, with the results of medium it interestings.

The committee of arrangements, with a view of making it interesting, have offered prizes for those disposing of the greatest number of tickets, and there is much rivalry and interest shown among the store people as to the winner. At the present time the 'veil-ings' have the lead, but are hard pressed, and there is no telling who will be in the lead tomorrow night, and in the mean time the leaders have their friends working like beavers.

The Mutual Aid, as the name indicates, is for the purpose of alding members when sick, and since its organization some two years ago, has paid out eseveral thousand dollars in sick benefits and was the first to expend to the fits and was the first to respond to the call for aid for the San Francisco ref-ugees after the fire, sending Mayor Mott all the money they had in their social fund at the time, and this benefit is for the purpose of replenishing it.

WOMEN'S OUTER GARMENTS

Paris Styles at Very Moderate Prices

FEATURE of our present comprehensive showing of Women's Outer Garments is a number of exquisitely beautiful coats and wrape which have been duplicated by skilful New York tailors from imported models by Worth, Paquin and other Paristan designers. We have obtained these superb garments under very favorable conditions and can offer them at prices which every woman who is a judge of materials and workmanship will admit are reasonable.

It is impossible to describe such jewels of art in dress as these. There is only one of a kind, and each style is more beautiful than the last. The materials include imported broadcloths, the new French Ottoman cloth, spangied nets, Irish crochet lace and combinations of lace and

Our prices on these garments are at least one-third less than are asked for the same character of garments by the few houses which carry them in stock.

We add to these some models scarcely less elaborate and certainly no less beautiful, which are exclusively New York productions, owing no credit to Paris.

It was the ardent wish of the friends of Mr. and Mrs. Talbot that they would reconcile their differences and the fact that Mrs. Talbot had rented her country place at Redwood City to W. J. Dingse was taken as good evidence that the old affection had been restored. The leasing of the country home, however, seems to be one of the reasons why Talbot seeks a divorce. He asserts that Mrs. Talbot has treated him cruely and has brought him into many humillating positions before "strangers," one of the most humillating of the situations being attendant upon the leasing of the place to a "stranger" without his knowledge, for when he went there he found the house in the possession of this "stranger."

"The first wife of Senator Platt took a great interest in the social and professional career of their godchild. Both before and after the young woman's marriage she was often at Mrs. Platt's home. Her husband has been numbered among the close friends of the Senator for years.

"The Senator's marriage to Mrs. Janeway was followed by the estrangement of many of his reatives and friends, among them the young woman in question. The new Mrs. Platt was ever her enemy. Prompt and drastic action will be taken by her if any further publicity be given to her by the Senator's wife."

SENATOR MAKES DENIAL

Almost hysterically today the aged Senator, waving back would-be questioners that pressed about him as he passed from the Hotel Gotham to his waiting carriage, cried:

"The story is a pack of lies. I'll make a statement later today."

At the same hour Mrs. Platt, as she boarded a New York train at the High-land Mills station, turned angrily upon her questioners and said:

serving closely by the obvious cestre of Hedges, who made one of the party, of Hedges, who made one of the party, of Hedges, who made one of the party, and the party his attentions. The Platt party arrived in Denver on Saturday, September 8, of last year, and went to the Brown Palace Hotel register shows Hedges' name was not entered, although he was a member of the party and was introduced to several persons who met Senator "latt and his wife during their stay here.

The San Dingo Tribune says John D. Rockefeller is a Democrat. Not as bad as that, neighbor; he is only a Standard Oil man. In politics he follows 'he line of least resistance, and that was the line he caught Senator Bailey on in Texas.

Dr. David Starr Jordan writes to the Sacramento Bee that it hurts a catfish to skin him alive, but not as much as it hurts a cat He adds that it does not hurt a catfish much to skin him alive after he has been out of the water awhile. The Bee editor can now go on with his cat skinning fully informed as to the relative sensations of cats and catfish.

In Tennessee convicts are made to do something for the maintenance of the government. During the last ten years the penitentiary has yielded the State a net profit of \$1 206,894 48 over and above the cost of maintaing it—an annual profit of over \$120,000. The figures are: Gross receipts, \$3,981,140.43, expenses, \$2,774, 245.95. It costs California about \$250,000 a year in excess of receipts to maintain San Quentin and Folsom prisons.

The numerous hold-ups recently in the residence districts immediately adjoining the business center prove the necessity for better lighting. The police force is confessedly inadequate to the needs of the hour, and the condition of the municipal finances does not wartant any considerable immediate increase in the number of policemen But a dozen electric lights will cost only about as much as one policeman, hence the city can afford to install thirty or forty new ones where they will illuminate the dark places and afford greater security to pedestrians and householders.

It looks as if the strongest man on the Democratic State ticket is a woman, Miss Anna Williams, the nomir e for Superintendent of Public Schools, who has served two terms as County Superintendent in Modoc county. Her nomination was entirely unsought and unpremeditated. Her candidacy is given strength by the activity of the women's clubs who have warmly espoused her cause. But the school book publishers are making a hard fight for Professor Hyatt, the Republican nominee, who is a shrewd politician and an able educator.

The nomination of Chief Justice Gabbert, coupled with the unqualified endorsement given all his judicial acts in the platform, has put the Colorado Republicans on the defensive in the present campaign. Judge Gabbert was elected as a Populist, but he endeared himself to the Mine Owners' Association by a series of decisions that aroused great indignation in and out of the State. One of his decisions sustained Governor Peabody in suspending the writ of habeas corpus in the Cripple Creek region. Another facilitated the unseating of Governor Adams, who had a popular majority of several thousand at the election two years ago Philip B. Stewart, the nomince for Governor, withdrew from the ticket because of Gabbert's nomination, which, of course, was a severe reflection on both the platform and the nominee for Chief Justice. The situation in the Centennial State is therefore much complicated and the outcome dcubtful Governor Adams is again the Democratic nominee, while Stewart's place at the head of the Republican ticket has been taken by the Chancellor of Denver University, a supporter of the Peabody policy.

LEAVETAKING.

You, who do not know, stand by the door and watch from there, Impatient at the long delay and foolish care With which I take each little thing from its accustomed place-The tiny clock, and old Satsuma vase, The imaged Virgin and the Child, And winsome Psyche who has smiled At her brook-mirrored beauty-trifles, all-And yet, and yet the hours that they recall! To you who stand beside the door and watch from there, Impatient at the long delay and foolish care, I know the tender touch, the lingering hand Are reasonless to you who do not understand. And count the little room, at best, but a poor place With meager share of sunlight, lacking grace Of rare, rich hangings that so subtly please And charm the fancy and invite to ease-You cannot know that here, that here was built a shrine. Where my soul worshipped, learning the divine Sweet mystery of love, that 'tis the place Where love hes buried. But I hide the trace Of tear lest you should know. The secret's mine.

THE NEW GROUPING IN RAILROADS.

What is especially indicated in the pending acquisition of a majority ownership in the Baltimore & Ohio road by the Union Pacific is a development of consolidation of United States railroads upon somewhat different lines from what have recently been pursued.

Hitherto consolidating tendencies have followed the course of railroad construction. The country was built up with railroads in three stages or groups. First came the filling in of the territory between the Atlantic seaboard and the great lakes. This was trunk-line territory—these were the trunk lines. Then came the building from Chicago and St. Louis into the plains east of the Rocky Mountains. This came to be known as granger territory-these were the granger lines. Finally came the occupation of the rest of the country to the Pacific by transcontinental lines, which are only a little more transcontinental than the

Consolidation, community of interest and all similar efforts to unify systems and suppress competitive influences have heretofore worked largely within these three territorial groups. The trunk line pools, the central traffic associations, the trans-Missouri traffic combinations and the Northern securities combination are cases in point r e great effort was to unite parallel and competing lines within each of these three railroad sections of the country. But government HALL IS GIVEN prosecutions under the anti-trust law first laid low the trans-Missouri association, then the trunk line association, and then the Northern Securities company and recent government investigations, along with the new rate law provisions, are operating to break up the trunk-line combination in the coal region. It is Baltimore & Ohio stock given up by the parallel Pennsylvania system which the on Pacific is after, and which, with other holdings in the road, give it control.

Thus consolidation, obstructed by law from moving north and position of assistant manager. Union Pacific is after, and which, with other holdings in the road, will give it control.

south to combine east and west competing lines, takes a cross-country course in combination of connecting roads and the creation of really transcontinental systems. The Gould interests first started this movement, and through the Western Pacific, now under construction, the Missouri Pacific, the Wabash and Western Maryland, they will have in a year or two an unbroken line from ocean to ocean. Through the Lucion and Southern Pacific with Union Pacific owners.

All of which points to a new grouping of railroad systems on this cean-to-ocean plan. That will be less suppressive of through traffic competition than the other grouping, but we may be sure that the community-of-interest factor will not fail to attach itself to this new alignment of railroad forces to the end of preventing any serious rivalry .-- Springfield Republican.

QUIETLY WEDDED.

The marriage of Lieutenant Edwin C. Long and Miss Georgie Shepard was an afternoon affair, quietly solemnized at the Frank Miller home in Sausality. It had been originally intended and arrangements had been made to have the ceremony on October 30, but Lieutenant Long received orders to proceed immediately to Havana, Cuba, to Join General Function.

A consultation took place between the interested parties and it was decided to have the marriage celebrated

Only a few friends were present at the wedding of the charming society girl and the popular army officer.

Lieutenant Long belongs to the Thirteenth battery, field artillery, which is now stationed at Fort Snell ing, Minnesota, When General Funston came to take command of the Department of California, he appointed Lieutenant Long as his aid, in which capacity he has since acted.

Lieutenant Long will leave for Havana the latter part of the week, but his bride will for the present romain at Fort Baker,

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical traternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it falls to cure. Send for list of testimonials.

Place Miss McCarthy on Their Ticket.

"Please, oh please, Will, buy some poison so that we can both kill ourselves," was the pitiful plea made by Merrill, residing at 506 East Sixteenth street, to her husband, William F. Merrill, yesterday, Realizing that his wife was crazy, Merrill appealed to the District Attorney's VALLEJO, Oct. 1.—Despairing of finding a man who could defeat Superintendent of Schools Dan H White, the Democratic incumbent, who has held the office for years, the Republican county central committee has filled this vacancy on the ticket by placing in nomination.

Miss Irma McCarthy of Dixon, who is a teacher ir the High school of the northern Solano county town. Miss McCarthy sa graduate of the University of Callfornia and while at Berkeley was one of the leaders in co-ed affairs. She has many friends and promises to make a strong canvass for the place.

Realizing that his wife was crazy, Merrill appealed to the District Attorney's office today for a complaint against her on the grounds of insanity, and she was brought by him to the Receiving Hospital, where she was temporarily lodged in an insane cell. The husband did not wish to leave her in the hospital over night, so he took her back home, but will appealed to the District Attorney's office today for a complaint against her on the grounds of insanity, and she was brought by him to the Receiving Hospital, where she was temporarily all over night, so he took her back home.

VISITING CARD

County Republicans Elizabeth Merrill Bereft of Read Mrs. F. B. Poore Wrote Last Testament on Bit of Pasteboard.

> Using the back of her visiting card for a will, Mrs. Franklin B. Poore of Berkeley, who died in this city August 1, bequeathed her entire estate to her tal over night, so he took her back home, but will appear with her before Judge Ogden tomorrow morning at 9:45 o'clock. The woman is one of the many victims of the earthquake and continually fears that she will be the

perior Courts to be appointed admin-istrator of the estate, which consists of a life insurance policy for \$500 and personal property to the value of \$2.50. Her husband is now living in Copperfield, her son Dudley in this city and Patricla, the daughter in Hayward.

George Crowe Refuses to Live With Her and Decree Is Granted.

"He said we could not live happily together any longer" was the statement made by Mrs. Elizabeth M. Crowe in her stit for divorce against her husband. George Crowe. The plaintiff was granted her fluid decree by Judge F. B. Ogden today on the ground of desertion. In her deposition, Mrs. Crowe said that she was mariled in San Francisco July 3, 1300, and went to her home in Toronto in September, 190.3 The following December she received a letter from Crowe saying that it was best for them to part. Inasmuch as she thought it was understood that she was to go east merely on a visit she could not account for her husband's message and this mystery caused her to temain in Toronto until April, when she returned to this city. She went to Crowe, but he returned to live with her or to support her; in fact, he declined to live with her. The only reason that the wife could find for her husband's action was the fact that he said 'hou are not good enoguh for me; I do not want to go out with you."

Asked to explain what Crowe meant, the withess said that she was not boaufful enough for him; that he was always taunting her about her looks. At his suggestion she went east and he promised to furnish up a home for her while she was way.

Alexander Hutchinson, a grocer at Nich and Washington experties.

ised to furnisk up a home for her while she was away.

Alexander Hutchinson, a grocer at Ninth and Washington streets, testified that Mrs. Clowe came west to marry her husband and that the latter stated that Mrs. Clowe came west to marry her husband and that the latter stated that he did not love her, did not care for her and asked him to write a letter to his wife to that effect. Hutchinson did so, and told Mrs. Crowe it was no use for her to return. When she did come back, Crowe went out one door of his nouse as she entered the other. The musband's only excuse for marrying her was that he brought her out here from Totonto and did not have the heart to go back on his promise. Mrs. Crowe is 42 year of age.

Why the Central Bank is forced to enlarge

Because Oakland is growing fast and the Central Bank is growing faster.

'Way back, about fourteen years ago, the Central Bank first opened its doors in a very modest store on Broadway. It's principles were right and business grew rapidly.

Then a magnificent building was erected at Fourteenth and Broadway. The bank did not need all the street floor at first, so part was rented.

Still the Central Bank and Oakland grew together, and now the bank needs more room. So partitions are being torn down to accommodate its many patrons.

The growth of the Central Bank is not phenomenal. Any commercial or financial concern that is fortunate enough to be located in Oakland and that will not be swerved from practices that. are safe, progressive and right, is assured of success.

In a few weeks-maybe a month or so-you will be welcome to the newer and more beautiful home of the Central Bank. And in the meantime everything will go on as

usual and safety deposit boxes-impregnable as Gibraltar—will be rented for \$4.00 a year.

BLACK CAT GUARDS PEACE OF BANCROFT WAY AFTER NIGHT

BERKELEY, Oct. 2.—When a feline caterwaul rends the night air in the vicinity of Telegraph avenue and Bancroft way hereafter, it will be heard with mingled feelings by the people of that neighborhood. For let it be known that there is now a cat—a black cat—upon the Berkeley police force and it is more than likely that the caterwaul may be an alarm given by "Policeman Nanny" to Policeman William Thompson or Andrew Hornsman. "Nanny" joined the force of her own free will sometime the early part of last month, and shortly before Policeman Tidd gave to the department the services of his trained dog, Rock Prince. It is said that "Rock Prince" and "Enanny" do not consider that they belong to the same social set, but this little disagreement is not liable to disturb the harmony of the force, as Rock Prince scours the foothlis while Fanny stalks the porches and other high places in the vicinity of Bancroft way and Telegraph avenue in search of marauders.

With a tremulous and scarcely audible meouw Fanny made application to be admitted to the force the night the new police alarm system was installed. She was taken in on probation by Thompson and Hornsman without more ado, and since that time has regularly reported for duty at the signal station on Eancroft way when these two officers ring in to make their first report. Every hour thereafter Fanny shows up at the signal box and at midnight she is banqueted by Thompson and Hornsman.

It is said that Fanny eyes every passer-by and is quick to discover any evil intent. When her suspicions become aroused she immediately sets her vocal chords in action and gives the alarm in a way calculated to bring both of her brother guardians of the peace to the scene on the run. It is a notable fact that no burglaries have been committed in the Bancroft way residence district since the advent of "Fanny" upon the force. Nothing but the sound of Fanny's high soprano has disturbed the nightly quiet of that side of the campus.

But whence came Fanny? No one is able to answer that question. S

campus.

But whence came Fanny? No one is able to answer that question. She disappears every morning at dawn and is never seen after daylight or before the set of the sun and the coming on of the dark shadows. All that is known of Fanny is that she is black, and even that is not an established fact, for Fanny has never been seen except by night.

Friday night at the trustees' meeting called George Foster a llor, met the latter yesterday afternoon in the city hall, and though opening remarks were forcible, the troubles of the mene were adjusted and a handshake closed the incident.

Foster stated on Friday night that Kahn had promised to give him a lower rate to operate mechines in his planing mill. Kahn forcibly contradicted the statement. The meeting yesterday was characterized by perfect harmony and pence and the pow-wow ended satisfactorily to both.

prominent engineers who has gathered from both sides of the bay had a nar-row escape from death yesterday while seemed to have forgotten that there from both sides of the bay had a narrow escape from death yesterday while witnessing the testing of a giant beam of reinforced concrete. Just before the breaking loal of the beam was reached, the machine winto a thousand pieces under the pressure of 81,661 pounds. The crowd scattered at the report, but luckily no one was hurt. The Olsen machine as the testing apparatus is called, was only recently installed in the mechanical engineering building. The test which was being made at the time of the accident was to see how much pressure a concrect steel beam could stand. The machine was supposed to he able to withstand a pressure of 200,000 pounds.

A. Johnson, Married Sunday, Harks surborized by the board to trade one of the three small cabinets in the ponsession of the library for credit with the library supplies association and to buy two large new catalogue cabinets. Librarian Moore declared that the mewspaper room was too small and asked that the board authorize him to use the bloycle room for the filing of papers. He said that the room was seldom or never made use of by bloycle riders who preferred to leave their wheels in front of the building and that it would be an easy matter to cut an arch between the present newspaper room and the room hitherto reserved for bloycles. Further consideration of the subject was postponed to the next meeting.

Wishart's Drug Store. Oakland.
Cal.—Gentlemen:
Much gratified by the beneficial results and great relief obtained, I congratulate myself for having acted upon your suggestion to give Fruitola and Traxo a trial for a most stubborn case of indigestion. I realised more speedy and permanent benefit from their use than from all other medicines I have ever taken, which, in the past few years, have been numerous. I most earnestly and conscientiously recommend their use to all sufferers from dyspepsia and indigestion. Yours truly,

FANS EXPECT KNOCKOUT IN WOLFF-POWELL FIGHT

Lads Fought a Great Battle on Prior Appearance.

SAN FRANCISCO Oct 2- It is the opinion of those who figure past perform ances in mattern pugilistic that tonight s fight at Colma between Lew Powel and Willie Wolff will not go twenty rounds Yany believe that the bout will come to an end with an early knock out, as both men are ready to enter the ring fit to set a pace that human beings cannot pos-

The last four round encounter be tween Wolff and Powell which resulted in a draw left an impression upon the this ds of the fans that can never be efficed. The condition of the two men when the gong sounded terminating the furious encounter was not over pink as the result of the fleace nix up during the entire battle. The Inds did not clinch often and when they did they separated immediately and went after each other hammer and tongs

Tonight the pace promises to be as fast as that of the Fourth of July go and if that is the case a knock out may be looked for inside of ten rounds. While It does last the fight between Wolff and Powell will be just about as vigorous as the most critical could wish for Joe Reily and Rudolph Grossman will furnish the proliminary which is sched-uled as a terric ind bout

NO INTENTION OF ENTERING STAR

Winner of Track Meet Last Year Is In No Condition to Compete.

Members of the Oakland High school who are interested in athletics, and who are connected with the Bay Counties Athletic League, are considerably amused at the agitation among members of other schools connected with the league, who have been laboring under the belief that Albert Munn, a star member of last year's track team, would endeavor to compet in Saturday's field me t to be held on the Berkeley cinder track.

WOULD BRING VICTORY.

Munn's presence on the team would mean an easy victory for Oakland, as he won a meet last year for the local school, capturing fifteen points out of the total of eighteen rolled up by the O. H. S. Consequently, the San Francisco teams were considerably startled when they heard a rumor that Munn would be a member of this year's team, and they immediately declared they would take teps to prevent it, claiming that Munn was meligible, as he joined the school this year too late to become a member of the team unde the

ADMIT INELIGIBILITY.

The Oakland athletes admit Munn's ineligibility, but declare they have had no intention of entering him for Saturday's contest, not only because he became a member of the High School too late this year, but also because he is in no condition to take part. They state that had he been in condition he would have entered in time to join the team

Therefore the excitement in the camps of the enemy has been wholly unnecessary, and has had practically no effect, except to send a smile to the lips of the local athletes.

THE MEET.

The meet on Saturday promises to be a closely contested affair, with the victory almost any one's. The local team has a chance to win if it is favored by luck, but, of course, has not the certain victory in store that came to its banners last year, since Munn is out of it. The members of the team, as far as counting material is concerned, are practically the same as last year's and the boys have a sovere struggle ahead of them if they manage to land on top.

SATURDAY'S ENTRIES.

The following are the entries for the Bay Counties League field meet to be held at Berkeley next Sa urday, in which th Oa dand High School, California School of Mechanical Arts (Lick), Cogswell Polytechnic College, Lowell High School, Oakland Polytechnic. President Bert of Pacific Goast League Settles Seve: Disputed Contests.

Fresident Engane F. Bert of he Pacife Coast Baseball league, since his return from the north, has taken up the matter of protested games refer-red to him for decision. Two games were played at Idore park, Cakland, bet veen the San Francisco and Los Angeles clubs. In these sames, the Sar Francisco club used Joseph Corbet. The decision of President Bert throws out these two games u on the ground that Corbett was, and is, an ineligible player. Corbett daimed that the Brooklyn club of the National League did not forward contract to him at the beginning of the present season. President Bert wired to C. In. Epiletts, president of the Brooklyn club of the National league, concerning this matter, and, in reply, received the following telegram:

"We hold receipt of post office department for contract forwards Corbet. Also his receipt for san e."

At Portland, August 16, in a game bet ween Portland and Oaktand, Danshuc, of Portland, acted as umbire, in the absence of the official umpers. In the ninth inning, with men on first and soomd base, with Portland it bat, Ma lager McCreadie put Umpin Donahue in to bat in his place and substituted Gum of Portland to impire, President Bert holds that this action was unwarranted, and orders that the game in question be thrown out.

Sinday, September 9, at Secttle, in a game between Seattle and Partland, the crowd became incensed at Umpire Klopf, who officiated, and he was advised by Manager Hall of Secttle to leave the field, and two players from the opposing teams were sub lituted to act as umpires. NOTE.—In the above tabulation of tides the daily tides are given in the order of their occurrence, commencing with the early morning tide in the left-hand tide column, and the succeiding tides as they occur. On some days there are but three tides, the usual fourth tide occurring the following morning.

The column of heights gives the clevation of each tide above or below the plane of Coast Saurvey Chart Saundings. The numbers are always additive to the chart depths unless preceded by the minus sign or dash (—), when the numbers are subtractive from depths given on the chart.

Volcano in the South Sea Islands Is Now in State of Eruption.

TUTUILA, Samoa, September 14 .-Via San Francisco, Oct. 2.)-The erup ions of the volcano on the island of Savail have been increasing and further destruction has been wrought. The lava streams are flowing from places which were thought to be safe and the forests are being mowed down

like wheat with a scythe.

The steamer Atua of the Union Steamship Company of New Zealand, while in the harbor of Apia two weeks ago narrowly escaped wreck. When making a turn upon leaving, her bow struck the western reef and moved on the the stone decending into the second was the stone decending into the second was trued to the stone decending into the second was the second wa struck the western reef and moved on to the slope descending into the sea. There was a receding ide at the time and before it was possible to lighten the steamer in order to get her off her stern gradually lowered and the vessel swing by her bow attached to the reef with the stern many feet lower ton the surface of the water. The steamer after being relieved of more than 500 tons of copra and other cargo was, with the incoming tide, successfully floated off the reef.

The natives of the eastern district of

floated off the reef.

The natives of the eastern district of Tutulia have self imposed a tax on every head of family amounting to \$2 each to support a school for the teaching of the English language and other subjects. The low revenues of the American Samoa are being utilized as much as possible towards the formation much as possible towards the formation of roads and the education of the peo-ple but these revenues are not suffi-cient for the latter improvement, and so the Samoans, of their own accord. levy a tax on their own people to sup-port the schools.

S60 TAX ON SLOT DEVICES

City Will Receive \$30,000 a Year Ordinance Making Additions to in Revenue From Cigar Machines.

Nickel-in-the-slot machines, now used in this city, are to be taxed \$15 the City Council last night instructing a quarter, or \$50 a year, as the city the police and fire commissioners to were the only two members present to vote against the measure, the remaining eight being in favor of it.

It is estimated that there are between five and six hundred machines now in use in the saloons and clear stores in this city, and the collecting passage last night. The additional park of a license upon them will mean an increased revenue to the city of about \$30,000 a year.

The ordinance fixing the license at \$60 a quarter was introduced in the council by Councilman Baccus, having been drawn up by the city attorney in accordance with a recent decision of the appellate court of the State in relation to the legality of the machines. The measure was amended, fixing the tax at \$15 a quarter, and passed by the council.

Harrison boulevard will now be completed, as the ordinance appropriating \$1,500 for the was given of East avenue and increased a two floated on First avenue and properly, located on First avenue and increased a twelfth street, will now be purchased, as the ordinance appropriating \$11,000 for that purpose was given its final passage by the Council lest night.

The ordinance establishing the official wooden curb grades in Appar street was given its final passage.

ENDS LIFE WHILE

FIANCEE WAITS

When the ordinance was brought un last night, President Fitzgerald stated that he believed a provision should be placed in the measure stating that no filegal machine could be taxed.

"I think, according to the decision of the appellate court," said Councilman Donaldson, "that there are no illegal machines." The law does not allow the licensing

"The law does not allow the licensing of Blegal devices," continued Councilman Thurston, "and I think that if we should put in that prevision it would only complicate matters."

Donaidson—"After six weeks' consideration, the city attorney has drawn up this ordinance and I think we can depend upon its legality. I therefore move a suspension of the rules and the message of the ordinance,"

MIRACULOUS CURE BY CUTICURA REMEDIES

w When my little boy was six months old, he had eczema. The sores extended so quickly sver the whole body that we at once called in the doctor. We then yent to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his checks, large enough to put a

Matters became so back that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole hody, was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down: chierwise he would scratch his face, and make an open sore. I think his face must have irched most fearfully.

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the soa air might, cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of oursepoke about Cuticura. We made a trial with Cuticura Scap, Ountment, and Resolvent, and within ten day; or two weeks we noticed a decided improvement. Just as quickly as the sickness he'd appeared it also began to disappear, and within ten weeks the child was absolutely well, and his axin was smooth and white as anver before." F. Within a day or so Mr. Stratton will announce a successor to George Cope, custom house auditor, who died recently. It is generally thought that the position, hich carries a salary of \$3000 a year, will fall to Clem Perkins, a nephew of enator George C. Perkins. He is now cashier, and his position, also, will have to be filled. Mr. Stratton has received permission from the Treasury department to appoint about twenty laborers and in rpoctors to assist the deputy collector of the port at Oakland, which is to be made a full sub-port of entry. This is made necessary by the vast increase in the amount of dutlable goods that come through Oakland since the fire.
